

Vishal Gangwar

Python Developer | Machine Learning Enthusiast | NLP Developer

Email: vishalgangwar8218@gmail.com | Phone: +91 8218321468

Location: Bareilly, Uttar Pradesh, India

Professional Summary

Computer Applications student with hands-on experience in Python, Machine Learning, Natural Language Processing (NLP), Streamlit, SQL, and Data Analysis. Passionate about building AI-powered applications, data-driven solutions, and intelligent automation systems.

Technical Skills

- Python
- Machine Learning
- Natural Language Processing (NLP)
- Streamlit
- SQL & MySQL
- Data Analysis
- Pandas, NumPy
- Scikit-Learn
- Hugging Face Models
- Git & GitHub

Projects

AI Resume Screening System

Built a Semantic AI Recruiter Agent using Python, Streamlit, HuggingFace Embeddings, and Machine Learning techniques to match resumes with job descriptions using cosine similarity.

NLP Text Classification Project

Developed an NLP application for text preprocessing, feature extraction, and document classification using Scikit-Learn and Python.

Data Analysis Dashboard

Created interactive Streamlit dashboards for data visualization, reporting, and business insights using Pandas and SQL datasets.

Education

Bachelor of Computer Applications (BCA) – RBMI Group of Institutions (2024 – Present)

Languages

English, Hindi
